ACCREDITED INTERNSHIPS MODULES

Degree programmes containing an embedded accredited internships module 2024-2025
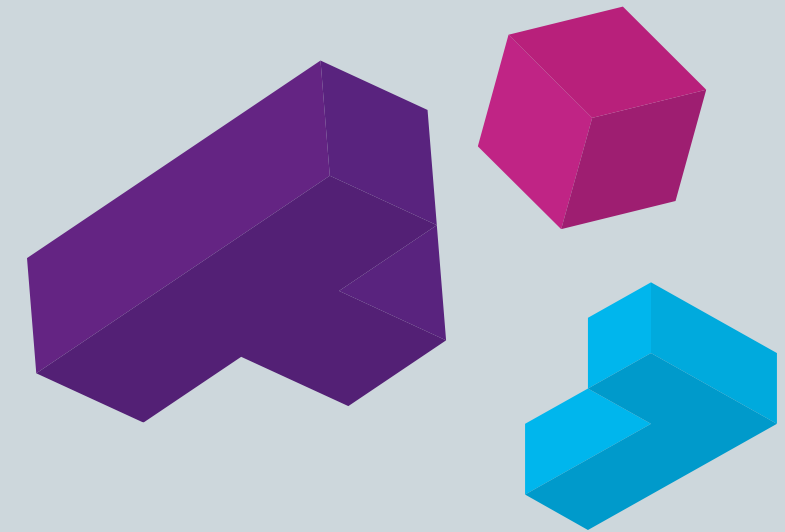

kcl.ac.uk/employers

Our Supported Programmes

Students on some King's programmes can select an **Accredited Internship module** as one of their non-compulsory academic selections.

Participants are supported with a full suite of wraparound employability support from their department and our Work-based Learning Unit.

They must self-source an internship for **120 hours** (c. 4 weeks) usually in Semester Two between January and April or engage on our virtual group projects, facilitated by Practera, for which we are keen to engage live employer briefs.

KING'S CAREERS & EMPLOYABILITY

If you have an opportunity which may be relevant to students on these programmes, please get in touch to discuss how we can work with your organisation.
